Penguin Pandemonium (Awesome Animals) Jeanne Willis

Penguin Pandemonium is an uproarious mini-novel for kids in Barron's frantically funny, stupendously silly, and fun-filled *Awesome Animals* series. Kids will start laughing the moment they open this short, easy-to-read novel--and they'll keep on turning the pages to find out which new tricks these hilarious Penguins are getting ready to concoct next. Comical black-and-white cartoon-style illustrations appear on many pages to capture the story's zany spirit. All *Awesome Animals* novels are divided into chapters, so that boys and girls can put the books down when Mom calls them for dinner--though kids will want to pick these stories up again as soon as they can!
