Cheaters Never Lose, Cheaters Always Win Mr. Uncle Awesome

In this seeming semi-autobiography, the author (Uncle Awesome) intrigues his readers with a swarm of tuff questions directly related to their own personal past, present and future romantic situations. Uncle Awesome also boldly challenges (almost daring) his readers to say they did not cheat with him at some time while reading this book. This extra ordinary line of questioning promises to stir up controversy as Uncle Awesome explores his theory which is as follows: when a cheater gets caught cheating, one of 3 things will happen. One lover decides to leave. Both lovers decide to leave or no love gets lost. Regardless to which, the cheater can't lose. The cheater has already enjoyed the benefits of both losers. The cheater always wins.
