First Responders Donna Alward

The only thing sexier than a man in uniform...is the same man out of it.

Off the Clock

When paramedic Gabe Brenner witnesses an accident and rushes in to help, he's surprised to find his best friend's sister is in the car. And she's pregnant.

Carly's never been so glad to see a friendly face. But having just closed the book on a crumbling marriage, she's not too keen on opening herself up to hurt again. Not even for the one man who's always seemed to be there when she needed him most.

Gabe knows he shouldn't be falling for Carly, but the chemistry still simmering between them after all these years is no accident. All he has to do is convince her she belongs in the space he's always held open for her.

In the Line of Duty

Ex-soldier Jake Symonds has been a thorn in Constable Kendra Givens's side since the night they first met, when she had to throw him in a cell. Two years later, she's called to a break-and-enter at his pub and is surprised by the now-competent businessman offering to cook her breakfast.

Their emotional baggage might be stacked too high to risk anything deeper—but Kendra soon realizes the greatest danger Jake presents is to her heart.

Warning: Side effects include elevated body temperature and heart palpitations. Read with caution and keep your first responders on speed dial.

From reader reviews:

Derek Winter:

The book First Responders can give more knowledge and information about everything you want. Why must we leave a very important thing like a book First Responders? Some of you have a different opinion about guide. But one aim which book can give many details for us. It is absolutely proper. Right now, try to closer using your book. Knowledge or information that you take for that, you are able to give for each other; it is possible to share all of these. Book First Responders has simple shape nevertheless, you know: it has great and large function for you. You can look the enormous world by wide open and read a reserve. So it is very wonderful.

Douglas Johnson:

What do you about book? It is not important together with you? Or just adding material when you require something to explain what the one you have problem? How about your extra time? Or are you busy particular person? If you don't have spare time to complete others business, it is make one feel bored faster. And you have time? What did you do? Everybody has many questions above. They need to answer that question since just their can do in which. It said that about reserve. Book is familiar in each person. Yes, it is right. Because start from on jardín de infancia until university need this First Responders to read.

Ann Lang:

Information is provisions for anyone to get better life, information nowadays can get by anyone with everywhere. The information can be a know-how or any news even a concern. What people must be consider if those information which is inside former life are challenging be find than now could be taking seriously which one works to believe or which one the particular resource are convinced. If you obtain the unstable resource then you get it as your main information there will be huge disadvantage for you. All of those possibilities will not happen within you if you take First Responders as the daily resource information.

David Yoon:

Your reading 6th sense will not betray you, why because this First Responders e-book written by well-known writer we are excited for well how to make book that may be understand by anyone who have read the book. Written within good manner for you, still dripping wet every ideas and producing skill only for eliminate your personal hunger then you still hesitation First Responders as good book not only by the cover but also by content. This is one book that can break don't judge book by its handle, so do you still needing another sixth sense to pick this!? Oh come on your looking at sixth sense already alerted you so why you have to listening to one more sixth sense.
