Franklin Bowen was an ordinary man with anger management issues until one day he finds himself drawn into something he never believed possible. Thinking he's lost his mind, he resists the urging of a mysterious figure named Tanok who only appears to him in visions. After seeing the desolation brought upon the immense interstellar human empire by a virus from a neighboring galaxy, Franklin is forced to reconsider his belief in what is real in order to help Tanok save mankind from extinction. Will Franklin find the strength he needs to persevere, or will the Earth and its people follow what's left of his sanity?
