Real Monsters, Gruesome Critters, and Beasts from the Darkside Brad Steiger

Spotlighting news articles, historical accounts, and firstperson interviews, this chronicle of human interactions with monsters will convince even the most hardened skeptic of the existence of the bogeyman, bigfoot, werewolves, and swamp creatures. Offering an array of wild reports—from the police officer who begrudgingly responded to a call about a longhaired woman flying over a suburban neighborhood only to find himself calling for backup when she attacked his patrol car to the motorist whose headlights illuminated a sevenfoot tall, wolflike creature that stood on its hind legs—this historical record highlights scary and unbelievable narratives. From slightly demented humans to spinetingling paranormal encounters, each outlandish occurrence is detailed with thorough research and recounted with a storyteller's crafted voice.
