BARGAIN BOXSET—THREE ACTION-PACKED MEDICAL THRILLERS IN ONE AFFORDABLE PACKAGE!

Meet Detective Nurse Gina Mazzio: She's feisty, determined, tenacious, and an all ballsy Italian ex-Bronxite. Detective's not her real title, RN is, though it might as well be Guardian Angel. Because **you know how scary nurses can be; and how compassionate.**

This is **an action-packed but shocking, take-no-prisoners medical suspense series, definitely not for the faint-hearted.** But fans of the more hard-boiled medical thrillers (and also of Patricia Cornwell) will eat it up! As well as lovers of, strong women sleuths, hospital mysteries, and all medical fiction, especially fans of Tess Gerritsen, Carolyn McCray, Eileen Dreyer, Lisa Genova, and Robin Cook.

BONE DRY

Carl Chapman, a young man with an excellent prognosis, dies--and Gina knows he shouldn't have. Another patient's acting weird and desperate; a third, a teen-ager, has actually run away. Gina soon learns Carl's cancer treatment had gone missing, in fact finds out her patients are being subjected to a form of blackmail so diabolical Hanibal Lecter could have dreamed it up.

... a medical thriller **not for the squeamish.**"-*Publishers Weekly*,

SIN AND BONE

Help me quit killing redheads!

That's the plea RN Gina Mazzio hears when she gets an anonymous call the night before her wedding. The cops say it's a crank call. Her fiancé says she's altar-shy. Her fellow workers call her "silly". But Gina's got a bad feeling...

And then it turns out two of her fellow nurses at San Francisco's Ridgewood Hospital are missing. Instead of a honeymoon, she's plunged into the dark world of the black market trade in human body parts. Need we mention this is not medical suspense for the faint-hearted?

BONE PIT

Why does a hospital need bars on the windows? And why is the parking lot empty? As RNs Gina Mazzio and her fiancé Harry Lucke arrive for their new assignment as travel nurses, they suddenly have the chilling feeling of being about to enter a Stephen King novel—only in rural Nevada instead of Maine. This adventure's supposed to be a respite from San Francisco, with its numbing memories of murder and kidnapping, but they seem to have signed up to work at a hospital with no windows on the first floor and barred windows on the second.
