The Conscious Resistance: Reflections On Anarchy And Spirituality John Vibes

This book is for those who are interested in meditation, consciousness, indigenous teachings, and spirituality. This book is also for those who understand the philosophy of freedom, Anarchy, and self-governance. We hope to bridge the gaps between these two worlds in an effort to help humanity understand freedom in a way that goes beyond the physical world. We also want to help those who are already spiritually inclined to consider what freedom means from a philosophical perspective.
