Mitch Markovitz

How To Draw and Paint Trains Like a Pro (Motorbooks Studio) Mitch Markovitz

From the steam engines that defined America's Industrial Age to the streamlined masterpieces of the Art Deco era and the diesels rocketing through our modern days, trains have again and again tested the industrial designer's art. This book shows casual doodlers and serious rail artists alike how to capture the magic of these design icons with pencil and paper. In this new addition to the Motorbooks Studio series, renowned rail illustrator Mitch Markovitz explains the principles needed to draw steam, diesel, and electric locomotives and their trains. He describes the key components of the process--from choosing tools to rendering perspective and proportion, and effectively capturing color and light. Illustrated throughout with examples of the author's work, this book is the ultimate resource for railfans with an interest in rendering these behemoths of American industry.

From reader reviews:

Dolores Parker:

Do you have favorite book? If you have, what is your favorite's book? Guide is very important thing for us to know everything in the world. Each book has different aim or even goal; it means that e-book has different type. Some people truly feel enjoy to spend their time and energy to read a book. They are reading whatever they have because their hobby is usually reading a book. Think about the person who don't like looking at a book? Sometime, man or woman feel need book if they found difficult problem or exercise. Well, probably you'll have this How To Draw and Paint Trains Like a Pro (Motorbooks Studio).

Markus Walker:

Within other case, little persons like to read book How To Draw and Paint Trains Like a Pro (Motorbooks Studio). You can choose the best book if you appreciate reading a book. So long as we know about how is important a book How To Draw and Paint Trains Like a Pro (Motorbooks Studio). You can add know-how and of course you can around the world by way of a book. Absolutely right, because from book you can realize everything! From your country until foreign or abroad you may be known. About simple factor until wonderful thing you can know that. In this era, we can open a book or perhaps searching by internet system. It is called e-book. You need to use it when you feel fed up to go to the library. Let's go through.

Herman Deans:

The particular book How To Draw and Paint Trains Like a Pro (Motorbooks Studio) will bring one to the new experience of reading a new book. The author style to explain the idea is very unique. Should you try to find new book to see, this book very suited to you. The book How To Draw and Paint Trains Like a Pro (Motorbooks Studio) is much recommended to you to read. You can also get the e-book from your official web site, so you can quicker to read the book.

Maranda Shoemaker:

Precisely why? Because this How To Draw and Paint Trains Like a Pro (Motorbooks Studio) is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will distress you with the secret it inside. Reading this book close to it was fantastic author who else write the book in such awesome way makes the content on the inside easier to understand, entertaining method but still convey the meaning entirely. So , it is good for you for not hesitating having this any more or you going to regret it. This book will give you a lot of benefits than the other book have got such as help improving your proficiency and your critical thinking approach. So , still want to delay having that book? If I were you I will go to the publication store hurriedly.
