Every man wants a woman that's going to be by his side while he's hustling to get to the top and even after he gets there. That's exactly what Poca did for Makhai. She was by his side when he was broke and had nothing as well as when he was on top of the world and had everything at his fingertips. When outside forces come in and threaten to destroy everything the couple built together, will they be able to stick together and weather the storm? Or will the damage be too much for the couple to handle? Cali had everything he ever wanted and needed in his girl Love, but he just couldn't seem to get his act together. With his life spiraling out of control on a path of destruction, will Cali be able to get his life together before it's too late? Or will Love have enough of his doggish ways and leave him at his lowest?
