Practical and interactive, VIRTUAL INVENTORY MANAGEMENT FOR TECHNICIANS is a must have for anyone preparing for a career as a pharmacy technician. Designed to expose users to the responsibilities of inventory and materials management, this resource help users build the skills needed to run a pharmacy effectively. Through a "virtual" pharmacy, users practice responding to customer requests, interacting with the pharmacist and co-workers, and handling the challenges that arise each day at the pharmacy. Through multiple opportunities for practice as well as coverage of topics such as inventory levels, drug recalls, the "want book," storage, and drug research, users hone the professional skill-set needed to succeed in an externship or on the job.
